BUDGET PROTO PANEL SERVICE

2 x Two Layer Panels

\$399 + GST

6 w/day service

This service does not include design checks

**Maximum usable area per panel
16.4x10.4" (417x264mm)**

This price includes tooling & setup charges

Included specs:

- Standard Leaded Solder Finish
- 1.6mm FR4
- Green solder mask 2 sides
- White component overlay 1 or 2 sides
- Minimum 0.15mm (0.006") track & space
- 1oz copper finish
- Supplied in panel form with break-out tabs

Guidelines:

- Protel or gerber files accepted
- Tooling is not available for repeat orders
- Maximum number of holes 3,000
- Smallest finished hole size 0.3mm
- 2.5mm minimum space between circuits
- Routed finish only
- V-Groove is not available with this service
- Maximum 3 designs (as set up by customer)

Extras:

- Electrical testing \$85

Because this is a budget service we do not make additional panels and so on occasion the yield may be less than 100%

Freight:

within Australia: AU\$12.00 to NZ: AU\$25.00
